PERSONAL SOUND

Do you want to:

- ✓ Improve how we perceive sound and music?
- ✓ Improve the way we interact with apps?
- ✓ Improve a talented research and development team?
- ✓ Improve and develop yourself?

If this speaks to you, then apply to join our amazing team at audiodo

After successfully launching the Audiодо Personal Sound technology, we're looking to strengthen our research and development team with more amazing talent. We are seeking applicants to help us with the development and expansion of our technology roadmap to meet increasing customer interest.

We are looking for talented SW developers in areas such as: audio algorithms, embedded SW and App development. Experience in connectivity technologies such as Bluetooth is considered a merit.

Please

Send your CV and personal letter to: jobs@audiodo.com

Audiодо Personal Sound

In Audiодо we believe very strongly that everyone has the right to hear sound the way it's supposed to be heard.

Audiодо develops and licenses unique solutions to create Personal Sound. The technology is based on more than 20 years of research and development. The company has offices and representation in Stockholm, Malmö, Japan, Korea and China. Audiодо started in 2016 as Hearezanz, which later changed name to Audiодо.

During 2018, Audiодо started to sell the Audiодо Personal Sound as a license and ingredient brand to headphone manufacturers and the interest has been overwhelming. In September 2019, Audiодо Personal Sound was launched in the Skullcandy Crusher ANC.
